September 30, 2016

We are very excited here at WRECA about the future of the electric cooperatives and mutual electric companies in Washington. We believe that we're making a difference for the member-consumers of the electric cooperatives and mutual companies. There are many issues to face that concern the WRECA members and the electric utility industry on the whole. We also know that the cooperative "family" is very strong in Washington, and that there will be many opportunities for the family to come together to address those issues.

So, what does that mean for you?

We are now accepting applications for 2017 Associate Membership in WRECA. As an Associate Member:

- 1- Your company's marketing message will be included in the 2017 WRECA Membership Directory. You will also receive two free copies of this directory. (Application with marketing message must be received by October 31<sup>st</sup> for the message to be included in the 2017 edition.)
- 2- You will be given an advance opportunity to support our Golf Tournament (June 19) and the 2017 WRECA Annual Meeting (June 20-21) in Walla Walla, WA. More information about those opportunities will be sent to you soon.
- 3- And we will include your firm's name, marketing message, and website link in the WRECA website – [www.wreca.coop](http://www.wreca.coop) – as a loyal supporter of WRECA and its member utilities.

Enclosed is an Associate Membership application. Please complete all the information so we'll have the correct data in our files. Then return the signed application to WRECA.

As the WRECA members engage in the state's efforts to deal with the many issues for the electric utility industry, we welcome our industry friends and associates to become supporters of our efforts on behalf of our member-consumers.

WRECA and its member utilities greatly appreciate the support and services that you and your organization have provided the consumer-owned electric utilities in Washington, and we hope you will join us as we continue a tradition of excellent service for our consumers.

Sincerely,

Kent Lopez  
General Manager
